2 Murray Street Vincentia NSW

4 2 4

2 Murray Street is a very attractive home, located in the highly desirable southern pocket of Vincentia - with easy access to Blenheim Beach, Greenfields Beach and the beautiful White Sands walk through to Hyams Beach.

Land Size : 975 sqm
View : <https://www.sales.holidayscollection.com.au/sale/nsw/shoalhaven/vincentia/residential/house/5717829>

The house has great views of Jervis Bay and Point Perpendicular that can never be built out, and has the following configuration:

- 4 bedrooms, two bathrooms, 4 lock up garages and a good sized garden shed
- a great study next to the master bedroom, with views to die for!
- very large 975m2 block, but when the corner verges and a strip of neighbouring Council reserve is considered, the house benefits from 1,750m2 of land
- good decks to the ocean size of the house, off the master
