

THE HOLIDAYS COLLECTION

25 Edendale Street Woollamia NSW

4 1

25 Edendale Street is a classic, original waterfront - retaining all the charm of its era. Features of the house include a unique breezeway design, original floorboards throughout, lovely roof pitch, wide wrap around decks, a huge lawn area and of course a waterfront reserve location - fronting an ox bow section of Currumbene Creek.

All of these attributes make the property a good candidate for a beautiful renovation to restore the home to its former glory. As per the photos, the main bathroom in the house, as well as the external laundry / toilet have already been renovated.

The present configuration of the house is 4 bedrooms, large living room with fireplace, kitchen, dining, internal bathroom, and an external laundry / toilet.

Land Size : 854 sqm
